# ADVOCARE EAR, NOSE & THROAT SPECIALISTS OF MORRISTOWN

O T O L A R Y N G O L O G Y

**A**dvocare Ear, Nose and Throat Specialists of Morristown has provided families with a full spectrum of otolaryngological care for more than 30 years. Drs. Sorvino, Kanowitz, Giacchi, Immerman, Cairns and their team are highly trained and experienced in advanced specialty otolaryngology (head and neck surgery) for both adult and pediatric patients.

Dedicated to treating each patient with compassionate, customized care, the physicians diagnose and treat all pediatric ENT disorders including tonsil and adenoid removal, ear and sinus infections and allergies. The practice utilizes pediatric instruments and cutting-edge technologies designed to make treatment as

comfortable as possible for young patients.

“We all have kids of our own, so we understand the anxiety parents feel when they have to bring their child to see us,” Dr. Kanowitz says. “We always take care of patients as if they were our own children.” The practice is affiliated with Morristown Medical Center, Goryeb Children’s Hospital, and the Carol G. Simon Cancer Center.

**Damian W. Sorvino, MD**  
**Seth J. Kanowitz, MD, FACS**  
**Renato J. Giacchi, MD**

95 Madison Ave., Ste. 105, Morristown
